NYC Counseling (NYCC) is pleased to announce we are a trusted mental health therapy referral provider to Hall of Fame Health, an Affiliate of the Pro Football Hall of Fame.

Hall of Fame Health (HOFH) is a nationwide venture and an affiliate of the Pro Football Hall of Fame, created to develop services and solutions for all persons associated with the game of football. HOFH provides physical health support and behavioral health services like therapy, addiction counseling, coaching, residential inpatient, and more.

Our team at NYC Counseling is made up of 12 providers, which includes experienced and licensed therapists, and our Residency Program, where trainee providers, under the guidance of experienced clinical supervisors, are committed to helping you reach your goals. You'll receive compassionate care and personalized attention, in a learning-friendly atmosphere where growth and development are encouraged.

Because we want to make therapy available to all, we have sliding scale rates and provide a free service for insurance reimbursement for those with out-of-network policies.

As Hall of Fame Health's only New York city provider, NYCC provides virtual, and in-person counseling at 2 midtown locations, for individuals, adolescents, couples, families, and groups. We invite you to join us in a supportive and educational environment for your mental health journey.

We will also partner with Fund Recovery, the official nonprofit for Hall of Fame Health, which exists to provide funding for mental health or substance use treatment for those connected to the game of football in financial need.
